

## **Bank Sohar organises Movie Evening out for Staff**

As part of the bank's team building activities, Bank Sohar recently organised a movie evening for their staff and their spouses at the Al Shatti Cinema. Over 225 members of the staff with their spouses watched the well intentioned heroics of Will Smith and Charlize Theron in the movie *Hancock*. "It was a very relaxed evening for our staff and their spouses as they put aside all their stress and work in progress and relaxed in the movie theatre," said Munira Abdulnabi Macki – DGM HR and Corporate Support who organized the evening.

"We have lined up many such engagement programs. Our Objective is to ensure a work life balance in bank Sohar involving staff and their family, provide the best working environment and build a strong Bank Sohar community".

"Complimentary tickets to a movie, soft drinks and popcorn to watch Will Smith's jaw-dropping antics and chances are that an evening like this will always figure on the list of the most enjoyable things done during the year – this is what we want to continue to do for our staff," added Munira Abdulnabi Macki – DGM HR and Corporate Support.
