

## **Bank Sohar to support Injaz Oman**

Bank Sohar in fulfilling its social responsibilities accords special emphasis to the development activities tailored for the development of human resources. With this objective, the Bank has decided to lend support to Injaz Oman, a non-profit organization that was established under the Sanad Program launched in 2006.

“As Bank Sohar why do we support Injaz Oman?” observed Mrs. Munira Macki - DGM HR & Corporate Support “We have been recruiting fresh Omani graduates to join Bank Sohar team and appreciate the importance of a program like Injaz Oman. Injaz recognizes the importance of finding the correlation between education and employment; they fill in the blanks, by providing appropriate training and transforming young adults into an empowered professional ready for the challenges of the work place. By supporting Injaz, we are doing our bit to support the national goals of creating an empowered Omani workforce for the country.”

Injaz Oman’s aim is to inspire and prepare young people to succeed in a global economy. The objectives of the organisation are to help bridge the existing gap between knowledge acquired through formal education and the skills required in the work place. Injaz does this by providing professional workshops tailored to enhance leadership, communication, business and the entrepreneurial skills of students. Injaz programs begin at the secondary school level and continue to the graduate level. The organisation relies almost entirely on support from the private sector to achieve their goals. On behalf of Bank Sohar Mr. Mazin Al Raisi – AGM & Head of Marketing & Publicity handed over the donation cheque for support to Shabib Al Maamari – Executive Director of Injaz.
